

The Prospect Trust (TPT)

The Prospect Trust currently provides education for approximately 6,000 learners, aged between 7 and 18, in Surrey and Hampshire. Established in September 2017, our main purpose is to provide outstanding education through focusing clearly on excellent, innovative teaching, learning and pastoral care for all learners.

Vision and Values

Our vision is to provide outstanding education within a collaborative family of academies, driving academic excellence, inclusion and opportunity for all.

The Trust's core values are:

- **Partnership:** working together we can deliver better and more effectively than working alone.
- **Restlessness:** the current state is never good enough.
- **Trust:** open and transparent in everything we do.
- **Quality:** aspire to be the best in everything we do.

The Prospect Trust Priorities and Goals 2023-2025

Quality of education

- Embed a culture of high aspirations and expectations for all across TPT's academies that enables all learners to fully realise their academic and personal potential, regardless of starting points and backgrounds
- Ensure that every TPT learner engages with a high-quality, inclusive curriculum and effective, evidence-based pedagogical practice for all groups of learners, with additional support provided where required so that no learner is left behind

Workforce development

- Develop an effective Trust-wide people strategy, including a high-quality professional development programme for all staff at all stages of their careers and the development of a coaching culture at all levels
- Create further opportunities for impactful Trust-wide professional and learner collaboration

Strategic growth

- Raise the profile of the Trust and increase the number and diversity of member and partner academies
- Create a cost-effective, sustainable operating model that enables all member academies to thrive

The Prospect Trust will build on the considerable strengths within its Academies so that each is an exceptional beacon of excellence within its phase of education. Cost-effective core services will continue to develop to support all Trust Academies in realising their goals; all members of the Trust communities will work as one to that aim.

The young people entrusted to us will have a curriculum and enrichment offer which is engaging, enjoyable and provides genuine challenge and progression. Outstanding teaching, alongside support to accelerate personal development, will help learners to achieve success in nationally valued qualifications together with the essential skills and attitudes needed to negotiate a lifetime of opportunities and challenges successfully.
